What Is a Small Group?

A small group is a new class we are offering to our students. It's a way for our students to enjoy a semi-private group lesson in a more intimate setting that is tailored to fit your personal needs. Whether your small group wants to learn a new dance, work on technique, or just want to brush up on what you already know, we can provide you a fun and unique setting to do so!

Students will be responsible for organizing the group participants and arranging the schedule class (whether it's just one class or ten classes).

- Must have a minimum of 4 participants and a maximum of 8 participants
- \$20 per person per class or \$15 per person per class at maximum capacity
- Cannot be scheduled during other group lessons or dances
- Schedule 1 or more classes with your closest friends or fellow students
